NATG is committed to providing quality Insurance Fraud Training to all Integral Anti-Fraud personnel as required by state insurance regulations.

It's convenient. NATG combines every course we offer to meet your Compliance and Continuing Education needs. You choose the method of delivery: on-line through our secure web site, or in-person seminars. We take care of the rest – from administration, to record keeping, to providing certificates of completion and administrative access to account holders or SIU.

Online students have the additional convenience of taking courses whenever they want. Our program allows users to start and stop without losing their place or data. Administrators can see at the click of a mouse which personnel have completed the required courses. *Compliance has never been so easy!*

Customized Courses Include:

- All required compliance training
- Your company's SIU procedures, guidelines and contacts
- Your company's SIU manuals
- Any of your company's specific training material

*All material is editable and can be updated
as needed*

Customized Training Center

- Branded to look like your company
- Secure & private URL
- Your company's SIU manuals
- Access for tracking and auditing compliance training
- Access to real-time reporting and analysis
- Ability to post additional company material or training
